

# Today, *we commit to* **Net Zero**

BY 2050, OUR COMPANY AND PRODUCTS  
WILL EMIT ZERO CARBON EMISSIONS.

COMPANY LEVEL

EDGE PROJECTS

COMPENSATION

Today

**1,5-degree** aligned science-based targets

Reducing the embodied and operational carbon emissions of all new projects by at least 50%

We **offset all** company and project carbon emissions

2030

**50% reduction** on carbon emissions associated with our operations

All projects will be within the **50% reduction** pathway, if not more

We will be offsetting **50% less** compared to 2022

2050

Our operations will result in **zero emissions**

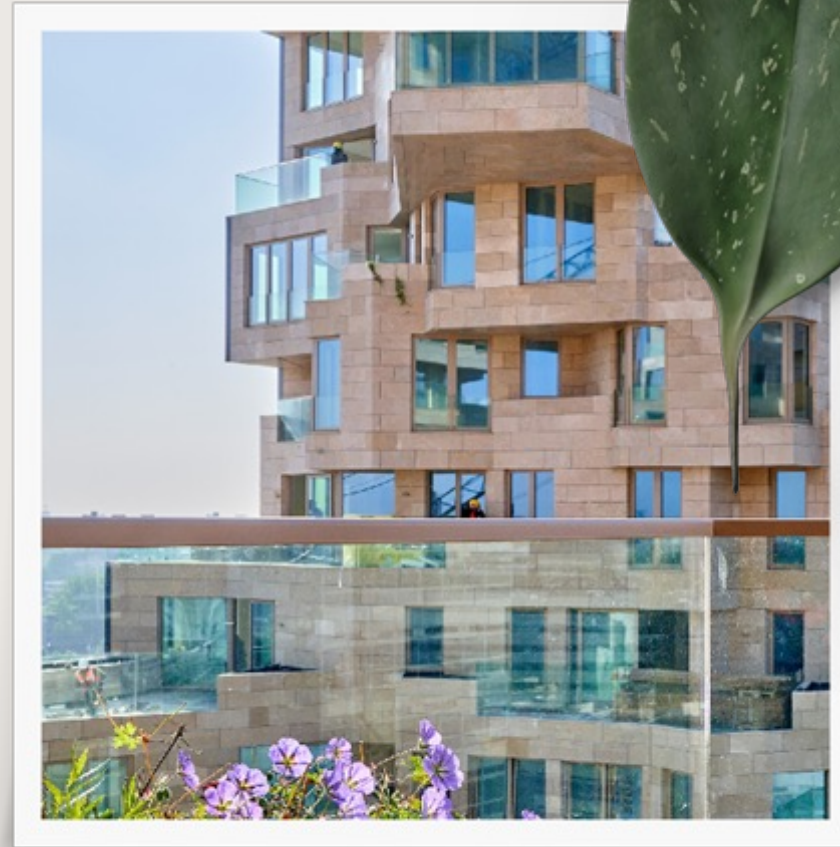

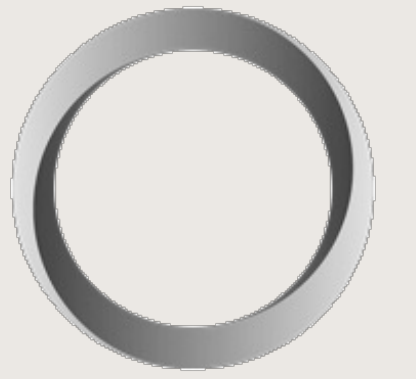

All projects will be **100% zero** carbon

**No more offsetting** will be required, either at a company level or a project level
